

The Bridge of Time

1. God making Himself known to man in different ways.
2. God recording His word using human authors.
3. God protecting His written word throughout the ages.
4. God guiding our understanding of His word.
5. God expecting a response from the readers of His word.

'All scripture is God-breathed and is profitable for teaching, rebuking, correcting and training in righteousness, so that the man of God may be complete, thoroughly equipped for every good work.' 2 Tim 3.16/17
